REPORTS TO Behavioral Health Provider Supervisor

GENERAL DESCRIPTION/PURPOSE
The Mental Health and Substance Use Connections program offers answers, options, and support to individuals and families looking for help with behavioral health concerns, such as depression, anxiety, trauma and substance use concerns. The services provided by the Connections team include needs assessment, information and referral, assistance with coordinating and navigating care, brief therapeutic interventions, and connection to community resources. The Connections program also provides education and training to the community. The Connections program provides behavioral health support to all ages.

The Behavioral Health Provider is responsible for responding to needs presented by clients who telephone, walk-in, or make an appointment for behavioral health support. The Behavioral Health Provider is often the first person a client talks to when considering behavioral health support. Clients may present in crisis or may need general mental health information; referral to providers and/or agencies meeting specific sets of criteria; in-depth care coordination; linkage to low-cost services; assistance in working with their third-party insurer; brief intervention; and/or help with decision making and overcoming obstacles to care. The Connections Program works with the full-range of clients across the lifespan, from those needing basic support and information to the chronically mentally ill. To be successful, the Behavioral Health Provider must possess clinical mental health and substance abuse treatment skills.

SPECIFIC DUTIES
1) Client Assessment and Intake
   a) Performs initial client intake and needs assessment to identify the client needs.

   b) Performs risk assessment and assessment for holds.

   c) Works with client (and family) to determine appropriate treatment recommendations and plans based off the needs assessment.

2) Mental Health Information
   a) Utilizes information and referral resources in order to research and provide information on mental health topics, disorders, and treatments.

   b) Provides clients (and families) with education and support around presenting behavioral health issue and treatment options.

3) Referral
   a) Utilizes information and referral resources in order to research possible options, and refer clients and providers to appropriate behavioral health and human service resources.

   b) Maintains accurate and up-to-date computerized information on each referral made.

4) Crisis Intervention and Management
   a) Utilizes crisis intervention model to respond to clients in crisis.
b) Performs assessment for holds as necessary and facilitates process of admission to hospital.

c) Provides appropriate intervention(s) to help stabilize client.

5) **Brief Intervention**
   a) Assesses clients at intake for appropriateness for brief intervention.

   b) Provides up to ten sessions of clinical intervention for appropriate clients utilizing a brief therapy and/or solution-focused approach.

   c) Develops and maintains appropriate treatment plan and clinical notes.

6) **Care Coordination and Follow-Up**
   a) Provides care coordination to reduce barriers to improved mental, social, family, and physical functioning. May include service-planning, advocacy, research, work with others in client's treatment system, monitoring, follow-up, etc.

   b) Contacts clients after providing specific service to determine follow-through with plan, barriers encountered, additional client needs, and client suggestions for improvement of services.

   c) Provides outreach to clients who have not followed through with services, or who no-showed for an appointment.

   d) Assesses appropriateness for Connections low-cost counseling program or other community sliding fee services.

7) **Administrative**
   a) Assists the Director of Connections in the development of operational procedures and protocols.

   b) Responds to requests for information from the public.

8) **Other**
   a) Maintains information on identified barriers to service and dead-ends.

   b) Works as a team-member, participating in group meetings, staffings, group supervision sessions, retreats, trainings, and special events as necessary.

   c) Actively pursues continuing education in aspects related to job functions.

   d) May supervise other clinical employees or interns, with the approval of Director of Connections.

   e) Performs other duties as assigned by Director of Connections, or Executive Director.
f) Provides Disaster Mental Health Response services as necessary.

The above job definition information has been designed to indicate the general nature and level of work performed by employees within this classification. It is not designed to contain or be interpreted as a comprehensive inventory of all duties, responsibilities, and qualifications required of employees assigned to this job. Job duties and responsibilities are subject to change based on changing business needs and conditions.

**Equal Opportunity Employer** - The Health District is committed to creating a diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, ethnic or national origin, ancestry, age, sex, pregnancy, disability, genetic information, veteran status, gender, marital status, sexual orientation, gender identity or expression, religion (creed), political beliefs, or any other characteristic protected by federal, state or local laws.
