LARIMER COUNTY | OFFICE OF THE COUNTY ATTORNEY

P.O. Box 1606, Fort Collins, Colorado 80522, 970.498.7450, Larimer.org

January 19, 2022

TO: Health District of Northern Larimer County
FROM: David Ayraud, Deputy County Attorney
RE: Opioid Litigation

Beginning in September 2017 Larimer County administration saw continued impacts upon residents by the ongoing “Opioid Epidemic” and questioned what avenues existed for potential abatement of opioid addiction/use. The Board of County Commissioners recognized the need to address the effects of opioids on the community and directed the County Attorney’s Office to research legal options.

In January 2018 the Larimer County Attorney’s Office spoke with the Colorado Attorney General’s Office. At that time the Attorney General was not planning to initiate litigation, but was undertaking a formal investigation and planning to engage in negotiations with opioid manufacturers and distributors. Larimer County then worked with other local governments in forming a “coalition” to pursue litigation against opioid manufacturers and distributors. By January 2019 the coalition of local governments filed their lawsuit against opioid manufacturers and distributors (“defendants”). The result was opioid manufacturers and distributors facing a two flanked attack by the Attorney Generals and local governments.

The defendants began negotiations with the Attorney Generals of numerous states, seeking to establish a national settlement structure. As a part of this, each Attorney General needed to obtain agreement within their respective state. In Colorado, the Attorney General worked with the local government coalition and reached an agreement as to a settlement structure within Colorado. This settlement structure results in funds being disbursed into four categories: State Share (10%), Local Government Share (20%), Infrastructure Share (10%) and Regional Share (60%). The funds coming into the state would be limited to use related to opioid abatement (see Attachment A).

The majority of funds coming into the State of Colorado will be distributed through regions, and each region will have a governance structure authorized to approve funding of opioid abatement projects/services. For Larimer County, the geographic area of the county was designated a region. The local governments with populations over 10,000 formed the regional governance: Fort Collins, Larimer, Loveland and Wellington. These entities have met and agreed to a general overarching structure for the regional governance. As a part of this structure various members would be appointed as advisory or subject matter experts. The Health District of Northern Larimer County has been identified as a subject matter expert and would be invited to have a representative appointed as a non-voting member.

As of January 2022, more than 95% of local governments required to sign onto the state-wide memorandum of understanding (“MOU”) have done so. A part of this state-wide MOU required the local governments to sign releases of legal claims against the national defendants. As a part of the finalization of the national settlement, the defendants seeking to settle opioid litigation have requested that within the Larimer Region, the Health District of Northern Larimer County and Poudre School District, also sign releases of potential claims. The purposes of these releases are two-fold: 1) releases from these special districts protect settlement payments from future suspension/offset in the event Districts file lawsuits in the future; and 2) releases from these and other larger health/school/fire districts could allow us to get the payments to Colorado from Johnson & Johnson expedited.

Based upon this request, the Attorney General’s Office reached out to the Larimer County Attorney’s Office to request we present this request to both districts. On January 18, 2022, Larimer County provided a summary of the opioid litigation and resulting settlement structure to Carol Plock, Executive Director of the Health District of Northern Larimer County. This memo is offered to the Board of Directors to further summarize the almost 5-year history of pursuing a national and state-wide settlement, the resulting structure for distribution of settlement funds, and explanation as to why we are now approaching the district to consider signing releases of claims as a part of this national and state-wide opioid settlement.

that could be or could have been asserted now or in the future in those actions or in any comparable action or proceeding brought by a State, Subdivision, or Releasor (whether or not such State, Subdivision, or Releasor has brought such action or proceeding). Released Claims also include all Claims asserted in any proceeding to be dismissed pursuant to this Agreement, whether or not such claims relate to Covered Conduct. The Parties intend that this term, "Released Claims," be interpreted broadly. This Agreement does not release Claims by private individuals. It is the intent of the Parties that Claims by private individuals be treated in accordance with applicable law. Released Claims is also used herein to describe claims brought by a Later Litigating Subdivision or other non-party Subdivision that would have been Released Claims if they had been brought by a Releasor against a Released Entity.

HHH. *"Released Entities."* With respect to Released Claims, the Settling Distributors and (1) all past and present subsidiaries, divisions, predecessors, successors, and assigns (in each case, whether direct or indirect) of each Settling Distributor; (2) all past and present subsidiaries and divisions (in each case, whether direct or indirect) of any entity described in subsection (1); (3) the respective past and present officers, directors, members, trustees, and employees of any of the foregoing (each for actions that occurred during and related to their work for, or employment with, any of the Settling Distributors or the foregoing entities); (4) all past and present joint ventures (whether direct or indirect) of each Settling Distributor or its subsidiaries, including in any Settling Distributor or subsidiary's capacity as a participating member in such joint venture; (5) all direct or indirect parents and shareholders of the Settling Distributors (solely in their capacity as parents or shareholders of the applicable Settling Distributor with respect to Covered Conduct); and (6) any insurer of any Settling Distributor or any person or entity otherwise described in subsections (1)-(5) (solely in its role as insurer of such person or entity and subject to the last sentence of Section XI.C). Any person or entity described in subsections (3)-(6) shall be a Released Entity solely in the capacity described in such clause and shall not be a Released Entity with respect to its conduct in any other capacity. For the avoidance of doubt, CVS Health Corp., Walgreens Boots Alliance, Inc., and Walmart Inc. (collectively, the "*Pharmacies*") are not Released Entities, nor are their direct or indirect past or present subsidiaries, divisions, predecessors, successors, assigns, joint ventures, shareholders, officers, directors, members, trustees, or employees (shareholders, officers, directors, members, trustees, and employees for actions related to their work for, employment with, or involvement with the Pharmacies) Released Entities. Notwithstanding the prior sentence, any joint venture or past or present subsidiary of a Settling Distributor is a Released Entity, including any joint venture between a Settling Distributor or any Settling Distributor's subsidiary and a Pharmacy (or any subsidiary of a Pharmacy); *provided, however*, that any joint venture partner of a Settling Distributor or a Settling Distributor's subsidiary is not a Released Entity unless it falls within subsections (1)-(6) above. Lists of Settling Distributors' subsidiaries, joint ventures, and predecessor entities are appended to this Agreement as Exhibit J. With respect to joint ventures (including predecessor entities), only entities listed on Exhibit J are Released Entities. With respect to wholly-owned subsidiaries (including predecessor entities), Exhibit J represents a good faith effort by the Settling Distributors to list all such entities, but any and all wholly-owned subsidiaries (including predecessor entities) of any Settling Distributor are Released Entities, whether or not they are listed on Exhibit J. For the avoidance of doubt, any entity acquired, or joint venture entered into, by a Settling Distributor after the Reference Date is not a Released Entity.

“cocktail” of any stimulant or other chemical substance prescribed, sold, bought, or dispensed to be used together that includes opioids or opiates. For the avoidance of doubt, “Product” does not include benzodiazepine, carisoprodol, zolpidem, or gabapentin when not used in combination with opioids or opiates. “Product” includes but is not limited to any substance consisting of or containing buprenorphine, codeine, fentanyl, hydrocodone, hydromorphone, meperidine, methadone, morphine, naloxone, naltrexone, oxycodone, oxymorphone, tapentadol, tramadol, opium, heroin, carfentanil, any variant of these substances, or any similar substance. “Product” also includes any natural, synthetic, semi-synthetic or chemical raw materials, starting materials, finished active pharmaceutical ingredients, drug substances, and any related intermediate products used or created in the manufacturing process for any of the substances described in the preceding sentence.

59. “*Reference Date*” means the date on which Janssen is to inform the Settling States and MDL PEC of its determination whether there is sufficient resolution of claims and potential claims at the Subdivision level to go forward with the settlement. The Reference Date shall be thirty (30) days after the Initial Participation Date, unless it is extended by written agreement of Janssen and the Enforcement Committee.
60. “*Released Claims*” means any and all Claims that directly or indirectly are based on, arise out of, or in any way relate to or concern the Covered Conduct occurring prior to the Reference Date. Without limiting the foregoing, “Released Claims” include any Claims that have been asserted against the Released Entities by any Settling State or any of its Litigating Subdivisions or Litigating Special Districts in any federal, state or local action or proceeding (whether judicial, arbitral, or administrative) based on, arising out of or relating to, in whole or in part, the Covered Conduct, or any such Claims that could be or could have been asserted now or in the future in those actions or in any comparable action or proceeding brought by a State, any of its Subdivisions or Special Districts, or any Releasors (whether or not such State, Subdivision, Special District, or Releasor has brought such action or proceeding). Released Claims also include all Claims asserted in any proceeding to be dismissed pursuant to the Agreement, whether or not such claims relate to Covered Conduct. For the avoidance of doubt, the entities listed in Exhibit Q are not Released Entities; *and provided further* that any joint venture partner of Janssen or Janssen's subsidiary is not a Released Entity unless it falls within subsections (1)-(5) above. DRAFT – DRAFT - DRAFT

Dear *(name of legislator, policy/decision maker)*,

Like many policymakers, the Mental Health and Substance Use Alliance of Larimer County (MHSU Alliance) has been wrestling with this question: **What would be the most impactful use of state and local one-time American Recovery Plan Act (ARPA) funds (as well as other short-term behavioral health funding opportunities) for Larimer County?**

We write this letter to share with you a short list of the highest priorities that we believe would lead to transformational long-term improvements in behavioral health in our county. **It is our great hope that you will keep these priorities at the top of your mind as you engage in discussions and decision-making regarding this extraordinary opportunity to address major gaps and challenges in our work – in order to give our local community members the best possible chance at achieving mental health and freedom from substance use disorders.**

Recognizing the extreme impact of the COVID-19 pandemic on increases in mental health and substance use disorders, the MHSU Alliance recently developed its list of key priorities based on community mental health and substance use services, gaps, and trends; existing assessments and plans; and national best practices.

As you may know, Colorado's bill SB21-137 created the behavioral and mental health cash fund, with roughly \$450M yet to be appropriated, and also created the Behavioral Health Transformational Task Force (the BHTTF). The funds may be appropriated for mental health treatment, substance misuse treatment, and other behavioral health services. Funds must be obligated by December 31, 2024 and must be expended by December 31, 2026. The BHTTF has just released its report, including a set of transformational recommendations for Colorado's behavioral health care system.

The MHSU Alliance's top priorities align well with the recommendations contained in the BHTTF report:

(see attached chart for detail on how they align)

- **Recovery Support Housing**
- **Workforce Pipeline Development and Education (including Workforce Center of Excellence)**
- **Pediatric Mental Health & Substance Use Infrastructure -**
 - **Center of Excellence**
 - **Integrated Health Care Centers with School based teams**
- **Community Information Exchange Platform**

The Alliance's next level of priorities include: Community Affinity & Connection Centers; Youth, Peer, and Adult Respite Care; a Restorative Justice Facility; and a Transportation Fleet.

We cannot emphasize enough the need for our community to have the opportunity to bolster our mental health and substance use services with these strategies. Larimer County is a community that values, promotes, and has a commitment to providing behavioral health care across the continuum. **These strategies are critical to filling major holes in our local services so that we can create the ecosystem of care that our citizens deserve to improve outcomes and lives.** We hope that you will be a strong voice in support of addressing these essential needs in our community.

Sincerely,

The Mental Health and Substance Use Alliance of Larimer County

The Mental Health and Substance Use Alliance of Larimer County

The MHSU Alliance's Steering Committee is a group of over 20 individuals – some of whom are community leaders representing local organizations, and others who are consumers and family members - **working together to restructure our system of mental health and substance use services, significantly improving their responsiveness to the needs of those individuals most affected by mental health and substance use challenges in our community.**

The MHSU Alliance works to realize our vision and accomplish our mission through three main approaches:

1. Organizing the Community to Facilitate Sustainable Improvements
2. Applying the Best Information and Evidence Available to Make Decisions and Drive Action
3. Increasing Awareness and Knowledge in the Community

Organizations represented include *(list)*:

Recovery Supportive Housing	<p>Recovery housing is an intervention that is specifically designed to address the recovering person's need for a safe and healthy living environment while supplying the requisite recovery and peer support.</p> <p><i>Funding Recommendation: Capital Funds for homes/facilities.</i></p> <p>Need highlighted in 2018 community behavioral health assessment; operational funds can be recovered in part by residents working and paying rent.</p>	<p>Community Behavioral Health Continuum of Care Gap Grants. Provide funding to local governments and community-based organizations to address identified behavioral health needs. Grant funding should support services along the continuum of behavioral health care that meets regional needs. Specifically, there should be investments in evidence-based programs along the continuum, including prevention, treatment, recovery, harm reduction, care navigation and coordination, transitional housing, supportive housing, and recovery homes. To ensure the coordinated and strategic expansion of services and avoid duplication, there should first be a county or regional level assessment that identifies gaps in the service continuum for that community. Areas that need investment should also be identified. Grant funding should also include capacity building as required in SB19-222.</p> <p><i>Funding Allocation: \$45m (10%) to \$100m (22%)</i></p>

The plan should include how to best meet the workforce requirements indicated in the above recommendations. It shall include the following aspects:</p> <ol style="list-style-type: none"> 1) Expand the workforce by creating more levels of providers; 2) Encourage rural community members to become and continue to serve as the behavioral health providers in their communities; 3) Expand telehealth options and reciprocity to immediately expand the eligible workforce and tap providers who represent under-resourced communities; 4) Increase capacity and training within the behavioral health safety net for existing and newly recruited safety net providers to treat complex needs, substance use disorders (including harm reduction), domestic violence, sexual abuse and assault, and serious mental illness. Pediatric & Youth	<p>Pediatric mental health and substance use needs are on the rise and need long-term investments to transform the behavioral health system for children, youth, and expectant and new parents. Work in this area needs to be multifaceted to have a true impact and the MHSU Alliance recommends the following: Pediatric Mental Health and Substance Use Center of Excellence, Integrated School-Based Health Centers with behavioral health teams, workforce development.</p> <p><i>Funding Recommendation: Invest in School-Based Teams & Health Centers that integrate behavioral health. Develop an Early Childhood & Youth Center of Excellence/Hub. Funds would be used to support capital costs of the development or renovation of existing structures. Funds would increase the presence of mental health professionals in schools across the county and increase funding for school-based health centers, including the integration of behavioral health in school-based clinics.</i></p>	<p>Invest in intensive youth and family residential and outpatient care, ensuring that young people can access the substance use disorder treatment they need and do not need to be sent out of state for residential treatment. Instead, families are able to receive respite across the state through the following strategies:</p> <p>1) funds to build and staff a youth neuro-psychiatric facility at Fort Logan with a capacity for up to 16 beds;</p> <p>2) funds to cover the startup costs to create in-home and residential respite in 10 to 12 regions for children and families across the state; and</p> <p>3) operational support for 30 Youth Psychiatric Residential Treatment Facility (PRTF) & Qualified Residential Treatment Program (Q RTP) beds across the state.</p> <p><i>Funding Allocation: \$54m (12%) to \$66.5m (15%)</i></p>
		<p>Through the Community Behavioral Health Continuum of Care Gap Grants, ensure there is a youth and family-oriented care access point within a two-hour drive of every community. Wherever possible, such care should augment existing facilities and allow flexibility for communities to co-locate services in order to be efficient. Such access points need to be part of the care navigation/coordination system to ensure people are aware of services. Eligible investments include expanding state-based services, such as the I Matter youth telehealth services and grants, for a broad range of community-based services. This includes youth- and family oriented care navigation and coordination; expansion of evidence-based behavioral health treatment for youth and their families; and intensive outpatient services, including high fidelity wraparound, youth mobile response, and expanded caregiver interventions.</p> <p><i>Funding Allocation: \$45m (10%) to \$55m (12%)</i></p>
		<p>Expand behavioral health investments in schools, including School-Based Health Centers, school-based services, and school mental health resources. Funding should also build workforce capacity and expertise through short-term support of the Colorado Pediatric Psychiatry Consultation and Access Program and the School Health Professionals grant program.</p> <p><i>Funding Allocation: \$11.5m (3%) to \$25m (6%)</i></p>
		<p>Enact a policy to support the K-5 Social Emotional Act using the existing \$2.5M. This act supports having enough mental health professionals in a school and a model where these professionals follow students as they move through the grades.</p>

Community Information Exchange Platform	<p>A community information exchange (CIE) is an ecosystem of multidisciplinary network partners that use a shared language, a resource database, and an integrated technology platform to deliver enhanced community care planning.</p> <p><i>Funding Recommendation:</i> Funding for creating the integration technology and ongoing technical assistance surrounding development, legal compliance, and initial licenses</p>	<p>Behavioral Health System Investments in Care Navigation & Coordination, and Immediate Pandemic Relief</p> <p>1.a) Train existing navigators in the safety net system to be able to use the navigation hub funded through SB21-137. Existing navigators include the Regional Accountable Entity (RAE) care managers/coordinators, 988 workers, and those in other safety net provider settings. 1.b) Use such navigators to help support the technology system, especially for identifying community-based and social determinants of health services and capacity, as well as on the ground local support to encourage participation. 1.c) Such navigators will have a duty of care to support the safety net system, including those not covered by the RAE and Medicaid (or could add additional workforce). 1.d) Ensure that the technology platform is able to indicate where people can go if they need in-person navigation support.</p> <p>2) Support continued maintenance and stabilization after discharge from hospitalization or other behavioral health facilities.</p> <p>3) Ensure the system and providers are accountable for connecting people to services and serving those with the highest needs. Results should be reported.</p> <p>4) Develop an Electronic Health Record “lite” that interfaces with the health information exchanges.</p> <p><i>Funding Allocation: \$44.2m (10%) to \$50.7m (11%)</i></p> <hr/> <p>Invest in further integrating physical and behavioral health care in order to increase access to coordinated whole person care for adults and children, provide early behavioral health interventions, and continuation of care after a crisis through primary care practices. This investment increases: 1) access to mental health and substance use disorder screening and relevant workforce training; 2) substance use disorder and mental health treatment; and 3) coordinated referrals to other levels of care and social services. Investments include the psychiatric consultation model (including for over-prescribers), universal contract, practice transformation grants, and practice transformation support. Grants can be used to co-locate and integrate care in outpatient behavioral health and primary care settings and may include funding to address health information technology, social determinants of health, telehealth, care coordination, and sustainable payment and billing practices.</p> <p><i>Funding Allocation: \$35m (8%) to \$37.6m (8%)</i></p>
